ABOUT US

MAHARAJA is the official brand of **CV Mahkota Ratu Jaya**, established in 2012 as a trophy manufacturer supporting stores and distributors across Indonesia. We specialize in producing trophy spare parts — including figurines, bodies, stalls, risers, and bases.

With durable materials and fast service, we aim to be a **reliable partner** for stores that prioritize quick delivery, trust, and smooth stock availability. Our production is market-driven, focusing on products with proven demand to ensure that inventory remains relevant and fast-moving.

We uphold quality, honesty, and integrity as the foundation of our work. When challenges arise, we take full responsibility — identifying the root cause and providing accountable solutions. We also stand behind our products with guarantees on quantity accuracy and quality standards, **because our partners' satisfaction is our top priority.**

Over the next 1–3 years, our goal is to become a nationally recognized local trophy manufacturer known for fast service, durable and market-ready products, and a responsive team. Our focus is to **grow together with our partners** — from small stores that are just starting out to large distributors who require stable and reliable stock.

“The most rewarding thing for us is being able to **help distributors and stores** compete with **fair pricing and reliable stock** — allowing them to **grow together** with us.”

HOW TO ORDER

- Select the product from this catalog.
- Note the product code and the quantity you would like to order.
